

RASIL ABRO

Frontend Developer

📞 0301-0127971 ✉️ rasilabro515@gmail.com 🔗 <https://www.linkedin.com/in/rasil-abro-28183a344> 📍 75330, Karachi

SUMMARY

Frontend Developer skilled in **Next.js**, **React.js**, and **Tailwind CSS**, with hands-on experience building **dynamic** and **responsive web applications**. Developed projects like an **e-commerce website** with shopping cart functionality using **Context API**, a **world atlas platform** with real-time search, and a **VR landing page** featuring smooth scrolling. In my recent **projects**, I made **NEXT.js project** for a **real estate platform**, showcasing my ability to handle modern web architecture and performance optimization. My personal **portfolio** is more than enough to **demonstrate my skills, creativity, and real-world work** — **do check that out!** [View Portfolio](#)

EDUCATION

Computer Science

University of Karachi (UBIT)

📅 2025 - Present 📍 Karachi, Pakistan

Intermediate (Pre-Engineering)

Aga Khan Higher Secondary School

📅 2022 - 2024 📍 Karachi, Pakistan

Matriculation (Science)

Practical Schooling System

📅 2020 - 2022 📍 Karachi, Pakistan

EXPERIENCE

Front End Developer Trainee

360 Xpert Solutions

📅 03/2025 - Present 📍 Karachi, Pakistan

Software House

- Made Real Estate Project using NEXT.js
- Made my Personal Portfolio using NEXT.js and GSAP
- Learning JEST and React Testing Library
- Exploring Three.js

SKILLS

JavaScript	HTML5	CSS3	React.js	Tailwind CSS
React Hooks	Context API	Git	GitHub	REST APIs
Fetch API	Axios	Responsive Web Design		Flexbox
Grid	VS Code	ES6	Vercel	Problem-solving
Debugging	Context Api	Dynamic Routing		GSAP
Redux	JEST	NEXT.js		

PROJECTS

Real Estate

Developed a real estate web app using **Next.js** and **Tailwind CSS** with dedicated **admin**, **user**, and **expense manager** pages. Features real-time **CRUD operations** via **MockAPI**, dynamic dashboards, and live data updates without page refresh. Includes **PDF download** of plot details, **user management**, and plot tracking—making it a powerful, seamless tool for real estate bookings. [View Project](#)

E-Commerce

Developed an **e-commerce website** using **React.js** and **Tailwind CSS**, featuring **dynamic product pages**, a **shopping cart with quantity control**, and **search & filter options**. Used **Context API** for state management and **React Router DOM** for smooth navigation. Added a **checkout animation** for an engaging user experience and deployed for seamless access. [View Project](#)

Rasil's Portfolio

Designed a visually striking **personal portfolio** using **Next.js**, **Tailwind CSS**, and **GSAP**. Features smooth animations, interactive **image reveal on hover**, and a dedicated **projects section**. Includes full **contact integration**—a must-see site that truly reflects my frontend skills. [View Project](#)

World Atlas

Developed a **World Atlas website** using **React.js** and **Tailwind CSS**, featuring real-time country data, continent filters, and sorting options. Integrated a **REST API** for up-to-date information, implemented smooth navigation with **React Router DOM**, and optimized performance with a custom loader. Followed React best practices and deployed on **Vercel** for fast, reliable access. [View Project](#)

Virtual Reality Website

Created an **immersive VR landing page** using **React.js** with **React Scroll** for smooth navigation. Designed a modern and visually appealing UI using **Tailwind CSS** to enhance user engagement. [View Project](#)
